Re: Support for Phase II Oasis Valley Trail Planning and Coalition-Building Activities

Dear Dave,

Thank you for updating us on the progress being made towards turning the vision of a shared-use trail system in the Beatty/Oasis Valley area into a reality. It is truly exciting to learn of the enthusiasm developing for this project in the town of Beatty, the Nye County Commission, and other stakeholders in the region, including the expressions of support received from our corporate neighbors and relevant government agencies. We are very proud to be a partner in this endeavor and I personally look forward to meeting some of our fellow supporters in Beatty during my next visit.

Barrick is in receipt of your request of November 14, 2014 for additional funding to support the next phase of planning and coalition-building activities for the trail system project. We are pleased to contribute an additional \$25,000 of support for this purpose. We sincerely appreciate the efforts of all involved and look forward to working alongside all supporters to make Beatty an internationally-recognized destination for outdoor recreation opportunities.

Should you have any questions or wish to discuss this further, please do not hesitate to contact me at 801-541-1742 or via email at tbuchanan@barrick.com.

Sincerely,
